ADDITIONAL SERVICING AND REPAIRS

- Wheel building service available.– see costs above.
- Pre Delivery Inspection (PDI) More and more people are buying cycles online. If you have or are planning to do this, I can build it up and set up from £30.00-£75.00
- Custom bike build – I can build up your dream bike from £100.00.
- Suspension fork servicing – contact me for details
- I keep a large range of spare parts in my van and workshop, but if you would like me to fit something you have bought elsewhere, then I am happy to do that as well, Price and conditions are different - 25% extra and we don't offer warranty on part/s.
- **Please note that above price list above is for labour only – parts used are extra.**
